GO-AHEAD FOR MINDEN WINTER CARNIVAL

Kinsmen sponsor project

The Minden Winter Carnival is on. This was the word early this week with the announcement that the Kinsmen Club of Minden would henceforth sponsor the popular mid-winter event. To be known as the Kinsmen Minden Winter Carnival, it is expected to become one of the Minden Kinsmen Club's major annual projects.

Joint chairmen are Kinsmen Lyle McKnight and Eldon Deacon.

Date for the upcoming 1975 Kinsmen Minden Winter Carnival is the weekend of Friday, January 21 to Sunday, February 2.

Held towards the end of January each year, the carnival has in past years featured a wide variety of winter activities and events drawing visitors to Minden by the thousands for a fun-filled weekend.

While actual program details have yet to be finalized, the Kinsmen Minden Winter Carnival is expected to complement and be complemented by the Whipper Billy Watson Snooverama to be held in both Haliburton County and province-wide that same weekend. It will feature the completion of selected snowmobile routes by snowmobilers who will raise funds to assist crippled children on a pledge basis similar to the popular Miles-for-Millions walkathons.

Public posting of the dates of this winter's Kinsmen Minden Winter Carnival are expected shortly.

Welcome new minister

The congregation of Minden Gospel Church welcomed its new pastor, Rev. Ronald Thornton, at its morning service on December 1st.

Rev. Thornton comes to Minden from Toronto, where he ministered at the Bloom Ave. Church of the United Brethren in Christ for two and one-half years. He is a graduate of Ontario Bible College, and assumes the leadership of the Minden congregation following the resignation/retire-

Five teachers from the Haliburton Highlands Secondary School recently visited Sir Sandford

Fleming College in Peterborough to discuss mathematics teaching techniques. Inspecting a math

lab are John Stoffer (left), Gerry Fellham, Sir Sandford's qualifying pr-

ogram co-ordinator Peter Marek, Louise Madden, Jack Starkey,

College registrar Robert Geddes, and John Yilmak (seated).

ment of Rev. L. W. Schmitt, in April of this year. Rev. Schmitt organized the congregation in 1956, when the building at the corner of Prince and St. Germaine streets was selected. In 1971 the congregation bought and moved into the former Menzies building on the North Road. This Fall the Minden Pre-School Nursery has been granted the privilege of using the church basement for their classes.

Rev. Thornton and his wife Beverley have two sons: Mark, age six, and Alan, age two. Minden Gospel Church welcomes this young family to our community and suggests that you visit its church some Sunday and make their acquaintance. A formal induction service, by the national officers of the Associated Gospel Churches, will be held in the near future.

Minister to visit Highlands

President George Hardy of the Haliburton Highlands Chamber of Commerce, has announced that the Chamber of Commerce has received confirmation from the Hon. Claude Bennett, Minister

of Industry and Tourism, of his acceptance of its invitation to visit the Highlands on Feb. 21 and 22, 1975. Details of his visit will be announced at a later date, Mr. Hardy said.

Progress holiday deadlines

In order that the Progress Staff and owners may enjoy a special Christmas holiday, the Progress office will be closed from 5 p.m. Monday, December 23 to 9 a.m. Monday, January 6. Advertising and editorial copy deadline for the Progress edition of December 26, has

been advanced to 5 p.m. Thursday, December 19 in order to publish Boxing Day. There will be no edition of the Progress on January 2. Our regular advertising and editorial copy deadlines will resume starting with the Progress edition of January 9.

Thieves loot Sir Sam's Chalet

Close to \$2,500 in winter sports equipment is missing from Sir Sam's Inn Chalet at Eagle Lake following a break in a little over a week ago. According to police thieves used crowbars to force a bathroom window in the Chalet's lower level, then boldly opened the service doors and loaded their vehicle with a selection of articles. In somewhat choosy fashion t-

the thieves took a 1974 Ski-doo but left another snowmobile when they realized the keys to it were missing. They also made off with a pair of \$185 skis and 11 pairs of ski boots, one pair of which is valued at some \$180, plus three pairs of the very best ski bindings. Investigation by Provincial Constable Ron Buchanan.

HERE and THERE with Fenwick Finch

FIRST OF TWO PARTS

Awhile back, I writ about the lack of flags around town — one of the few I mentioned was flyin' down to Doug Campbell's house. Seems like I got 'er housed by namin' it, and I danged soon got a lesson on flags from Doug. Here is more flag stuff sent to me by Glen Hodgson, M.P.P. Hope you like it...it makes darn good readin'.

Our flags have a special meaning for many people and often stir mixed emotions: exhilaration — hope — doubt, but not fear — a sense of what our flag stands for, being a reproach to ourselves to the degree that we do not live up to it, and, unavoidably of challenge to the individual freedom of its citizens being maintained. Some of these are a feeling of patriotism. Others on observing our flags flying have 'reflections' about us as Canadians, about our land and its direction of movement, about its realizable goals. It dichotomy between its 'ideals' and its actual state of affairs. In the Globe of the day of the opening of the then new Legislative Building it was mentioned regarding the creation of a flagpole in front. The hoisting of a flag by workmen on the building was undertaken. It was shortly thereafter, hauled down by authorities. First among other things wrong, was the workmen had formulated and created their 'own' flag. I was not like the Armourial Bearings of Upper Canada conveyed by Queen Victoria in 1864 and today the Shield of Ontario and carried in the Fly of the Ontario official flag adopted by resolution on April 14th, 1965.

A comparison of the two would show that the workmen's flag had the upper one third with the Cross of St. George imposed upon white, as that of Ontario's Armourial Bearings has. However, the lower two thirds had extensive changes in colour and hence in traditional meanings to large groups of persons from hereditary backgrounds as well as religious overtones in Ontario. The workmen it would seem were mainly members of the Orange Order and had allowed certain colours of a symbolic nature to be enhanced in their 'flag'. To be precise, the green was changed to a background of 'strawblue', the colour of the three leaves slipped on a sprig, instead of gold they had made them purple. The flag imposed on the Legislature caused quite a stir at the time, and had it ever been pursued by any official group towards its recognition would have caused great diversions in an Ontario loyal to Britain at the time as well as with large portion of the Irish populace.

THE FLAG OF UPPER CANADA

Some years ago I noticed a flag flying at Upper Canada Village on the St. Lawrence River. It was a very colourful one. The upper one third was the Cross of St. George on a white background, the lower two thirds were green with a sprig and three gold leaves slipped. The Armourial Bearings were assigned by Royal Warrant May 26th, 1868 and are identical to those of Ontario today.

I asked the Honourable Fern Guindon to find out if it would be possible to obtain such a flag. He reported back to me that the people at Upper Canada believed it to be the official flag of Upper Canada as conveyed to it by Queen Victoria, and thus, while they had only a few flags they were using at the village had no knowledge of where to obtain more. Several months went by when one day Mr. Guindon came to me with a package and said, 'you are lucky, I met a chap while in Montreal who told me while clearing out an old warehouse he came across a flag that had been there for some years and it looked like the shield of Ontario.' Mr. Guindon asked if he could have it and it was promptly passed to him. It had been used but was in otherwise reasonable condition.

Safe Driving Week marred

It could have been worse, but Safe Driving Week was marred for Haliburton County with some 12 collisions, according to Ontario Provincial Police, Minden Detachment. Mabel E. Bacon, 47, of RR 1 Haliburton was charged by police with failing to remain at the scene of an accident and impaired driving after her car, southbound December 3 on Highway 35 north of Minden, struck guide posts on the east shoulder while passing another southbound vehicle causing some \$1,000 damage. Investigation by Provincial Constable Mike Maher.

Then, following an accident on December 5 Ivan L. Newbatt, 21 of Haliburton was charged with both impaired and careless driving after his car failed to make a curve on Highway 121 just east of Minden, striking a culvert and ending up in the ditch. Newbatt suffered cuts and bruises while damages were estimated at \$1,000. Investigation by Provincial Constable R.W. Pearson.

Last Sunday a car driven by Janet E. Astley, 17, of Klein-

burg, sustained an estimated \$1,000 in damages after it caught fire on the Highway 35 Minden-bypass. Investigation by Provincial Constable Mike Legge.

Damages of some \$500 resulted from a collision in Haliburton village the previous Thursday when a car driven by Margaret J. Terry, 21, of Toronto turned out from a parked position and struck a vehicle driven by George H. Keefer, 69 of Haliburton. Ms. Terry was charged by police with starting from a stopped position not in safety investigation by Provincial Constable Ron Buchanan.

THANK YOU

The overwhelming vote of confidence given me by the electors of Anson, Hindon and Minden is deeply appreciated. I am happy for, and proud of, the opportunity to serve the community.

Sincerely yours
H. LLOYD JOHNSON

BEYOND REASON

by PETER G. SWEET

THIS HOLLOW EARTH

8th In A Series

When Christopher Columbus set out on his famous voyage to discover a new trade route to the East, then ended up discovering the new land of North America, his crew had a terrible fear that they would sail off the edge of the earth and be lost forever. Was this belief based on superstition, myth, legend, or was there some basis of truth for this strange thinking. Rather than the earth being flat could sailors of this day have had past knowledge of ships sailing through large openings in the earth leading to the center of the earth, if indeed the earth is hollow. There is evidence to show that this might be possible.

Since I began studying material on UFO's and strange phenomena on earth I keep coming across one story. It is still very much alive today. Though hard to believe, the fact is that Admiral Byrd's last trip over the North Pole in 1947 and his last flight over the South Pole in 1956 are both shrouded in mystery. Although the dates of these trips are known, all other information and material pertaining to these trips have disappeared. It seems as though some group has set about to remove all past written record of these explorations. Because people's memories can not be hidden away, many still remember the newspaper reports and radio broadcasts of Byrd's discoveries and still write about them.

In February, 1947, Rear Admiral Richard E. Byrd, United States Navy before his seven seven hour flight over the North Pole said, "I's like to see that land beyond the Pole. That area beyond the Pole is the centre of the great unknown". It is believed Byrd flew from the region of the geographic North Pole 1,700 miles over uncharted land; there is supposed to be no land mass at the North Pole. More detail is remembered about his 1956 flight over the South Pole, even pictures appeared in newspapers for a short time after his return. A radio broadcast from Byrd's Antarctic expedition on January, 1956, reported, "On January 13th, members of the United States expedition accomplished a flight of 2,700 miles from the base at McMurdo Sound, which is 400 miles west of the South Pole and penetrated a land extent of 2,300 miles beyond the Pole". This is a far greater land mass than is shown on any map. On his return in March, 1956, Byrd stated, "The present expedition has opened up a vast new territory". In 1957, referring to his Antarctic expedition, Admiral Byrd said, "That uncharted continent in the sky, land of everlasting mystery". There is a strange phenomenon that does occur at both poles called the "Sky Mirror" where the land or ice formations below are reflected to the sky above and can actually be used for navigation.

It was reported in the press that on the South Polar trip of 1956 at what is believed to be the South Pole, they flew over mountains covered with trees and over lush tropical valleys covered with grass and underbrush and at one point moving through the under-

brush observed a huge animal thirty feet in length, believed to be a now extinct mammoth.

Since Byrd's death in 1957, interested people have from time to time requested to see Byrd's papers on his last expeditions to the North and South Poles. These papers are kept in his home and his daughter has refused to produce them on every occasion. She says these papers are never to be released. This really is the only source left of information on these expeditions.

If there are great land masses at both Poles there would have to be depressions in the earth at these points, or even a hollow earth. There are many books on this theory and much mythology and legend, the most accepted being Marshall B. Gardiner's A Journey To The Earth's Interior, who maintains that the outer shell is 800 miles thick, then 2,900 miles of empty space leading to a central sun 600 miles in diameter. He says both polar openings would have a diameter of 1400 miles. Because of the constant sun the climate of the inner surface would be highly tropical.

There are still many unanswered questions of our present known knowledge of both the North Pole and the South Pole. They are:

1. Why does a compass needle begin to point vertically (down at approximately 82 latitude)?
2. Where are icebergs actually formed and why are most frozen fresh water?
3. What are the fierce dust storms that have actually stopped many expeditions?
4. The snow at both Poles is often coloured red, pink, yellow, blue, etc. for thousands of square miles at each Pole. It is believed coloured pollen causes this. Why is this?
5. Why are there warm northerly winds and open sea for hundreds of miles north of 82 latitude at the North Pole?
6. Why do birds and animals migrate from the far North in a northerly direction?
7. Why does one find tropical seeds, plants and trees with rock, gravel and sand floating in icebergs?
8. What causes fierce tidal waves at the North Pole?
9. Do we really know the reason for the aurora borealis?
10. Why is the discovery of both the North Pole and the South Pole still open to question today?

Even NASA's exploration with polar orbiting satellites has an odd history. Any pictures that have been obtained seem always to be cloud covered. It is rumoured that there will be no more satellites launched on a polar orbital path because of the unexplained disappearance of two satellites on this course.

Adopting the theory of Gardiner's and other books on this subject, Dr. Raymond Bernard in his 1970 book, The Hollow Earth, believes that this is the origin of UFO's, saying that following the past catastrophes on earth of legendary Atlantis and Mu, people entered the interior of the earth for survival and to carry on their highly advanced civilizations. He says they have returned to plague the surface world only after atomic testing began in 1947, with the purpose of preventing further catastrophes. The famous writer Jules Verne, who has a high record of accuracy in his prophecies, puts forth this same theory of an inhabited hollow earth in his book A Journey to the Centre of the Earth.

Believe it or not, the fact remains that of all the unexplored areas still remaining on our Earth, the North and South Poles even to day are still the least understood and explained.

NEXT WEEK: THE BERMUDA TRIANGLE

Appointment

MS. JEANETTE REED

Mr. J. A. McNabb, President and general manager of Greg May Broadcasting Ltd., is pleased to announce the appointment of Ms. Sue Hynds to the news and commentary department of radio station CKLY. Ms. Hynds will be responsible for continuous development of news reporting from the newly enlarged 10,000 watt broadcast area. Her experience as a news reader for CBC radio Vancouver and related positions in Merchandising with Toronto agencies assure CKLY listeners of an ever increasing volume of district wide news.

YOU'LL ENJOY IT MORE IF YOU GIVE BLOOD BEFORE YOU GO.

Tourist councils to retain identity

By L. Perrott

Tourist Council To Retain Identity

Following more than one year of negotiations with the Ontario Government, an agreement has been reached between the Central Ontario group of Tourist Councils and the Ontario Ministry of Industry and Tourism.

Under the agreement, individual Tourist Councils such as the Haliburton Highlands (Chamber of Commerce) will retain their identity and at the same time earn better promotional support from the government. In return the Central Ontario group, namely Haliburton High-

lands, Kawartha Lakes, Great Pine Ridge, Bay of Quinte, Highlands of Hastings, Land O' Lakes and Lake Simcoe will speed up their joint promotional activities. The Councils will co-operate on administration.

President George Hardy of the Haliburton Highlands Chamber of Commerce, emphasizes that this accelerated co-operation will help the whole Region. For instance, more and better promotional material will be produced and distributed. He stresses that under the new Tourist scheme, the success of an in-

dividual area will now depend largely upon the amount of money raised by our local Chamber of Commerce through County and Municipal Grants and by individual memberships. The Government will provide financial help to the amount raised in the Regions. He wishes to emphasize that the monies raised in a given Region will be spent sole-

ly for the benefit of that Region.

For the purpose of administration, the Central Ontario Travel Association will be divided into three zones:-

South (1) Great Pine Ridge, Bay of Quinte and Lake Simcoe.

North (2) Kawartha Lakes and Haliburton Highlands.

East (3) Highlands of Hastings and Land O' Lakes.

The Haliburton Highlands Chamber of Commerce would like to take this opportunity to thank area members of the Ontario Government, County and Municipal officials and our own Chamber members for their support which helped to make this new scheme possible. Your interest and assistance now and in the future is very much appreciated.

EDITORIAL

"Go" For '75

The announcement this week that the Minden Winter Carnival is "Go" for '75 was welcome news to one and all.

Of special significance is the decision of the Minden Kinsmen Club to sponsor the carnival as one of its regular major projects each year.

It will be known as the Kinsmen Minden Winter Carnival.

Time and again it has been shown that the way to get such projects going on a regular successful basis is through sponsorship by a local service club such as the Kinsmen.

What does sponsorship really mean? That's easy. It means hard work; hard work by a dedicated group determined to make their club's project a rousing success.

But, if the Kinsmen Minden Winter Carnival is to be successful, it must have full support and cooperation, as well.

Let's all help the Kinsmen make this the best winter carnival yet.

Cleanup

In any election candidates seek every possible and practical means of presenting their individual cases to the voters. One such is the public display of signs and posters. Usually these are put up with considerable dash and enthusiasm by the candidates' supporters, if not the candidates themselves.

However, once the election is over it's an entirely different story. Win, lose or draw, the enthusiasm then seems to vanish overnight and the posters are quickly forgotten.

Somewhat, few if any candidates ever get around to taking down their posters. Months after an election we invariably find fence posts and barns, service poles and vacant buildings still trying to remind us to "Vote For....".

The posting of such reminders is in some instances illegal and is at best a temporary privilege we accord our election candidates. Once the need for them is gone these paper and cardboard plumps become an unsightly nuisance and potential environmental pollutants.

Haliburton County's municipal elections are almost two weeks past. Isn't it time for the poster cleanup?

LETTERS TO THE EDITOR

Dear Sir,

Every year, my job in Canada becomes a little bit harder, in spite of - or perhaps because of - our vast technological achievements.

You see, each year, I receive a larger number of heartbreaking letters from young folk who say they could manage without Christmas presents if only I could send Daddy back. My research shows that Daddy was in a fatal traffic accident, and it is very hard for a little one to understand how it is Daddy can go off to work, fishing, shopping, etc. right as rain, but never come back.

Through the pages of your paper, may I ask for the help of all the drivers in your coverage area? We have just come through Safe Driving Week in Canada, and everybody has seen a barrage of safety messages. Please remember them, not only through the hustle and bustle of this holiday season, but all through 1975.

GEE - YOU CAN'T BEAT THIS HOMETOWN SHOPPING!

AND MOST OF ALL.....
IT HELPS US GET
INTO THE SPIRIT OF CHRISTMAS!

YOU'LL BE TREATED LIKE A KING....

Then, I will be better able to concentrate on finding the kind of gifts that make up the more routine requests from our children.

Let's have no more sad, desperate faces at Christmas time. Wishing you and yours a very merry and safe Christmas!

istmas!

Ho Ho Ho,
Santa Claus

Snowmobiles

by

R. GLEN HODGSON, M.P.P.

A recent decision by the Supreme Court of Canada, in a suit against Kerr-Addison Mines Limited, ruled that landowners who know snowmobilers are likely to trespass on their property have a duty to prevent any situation which may cause injury to the trespassers. This decision was of great concern to me since it has serious implications for all property owners, especially in rural areas. Your government believes strongly that a property owner should not be liable for injuries sustained by a trespasser unless those injuries were willfully or maliciously caused. Consequently, the Motorized Snow Vehicles Act was introduced last week to protect both farmers and landowners from any similar law suit.

The legislation requires that:

1. the operator of a snowmobile obtain written permission from the owner of private property before he enters that property;
2. upon request of the property owner the snowmobile operator will be required to identify himself and produce the written permission to cross the property;
3. where a complaint of trespass is made, the Crown will assume responsibility for investigation and prosecution;
4. a property owner will not be responsible for injuries sustained by any snowmobile operator (with or without written permission to be on the premises) provided of course the land owner does not maliciously plan to cause such injuries; and
5. any damages caused by a snowmobile will be

the liability of both the operator and the owner. In addition snowmobiles will not be allowed on any provincial highways. It is our intention at Queen's Park to do our best to ensure the safety of their operators. Whether snowmobiles will be allowed on certain municipal roads will be up to the discretion of the local council. This government feels that people at the local level are much more aware as to what roads are relatively safe as far as traffic conditions are concerned. And, of course, there are parts of this province where during the winter months snowmobiles are the only sensible form of transportation.

It is expected that the Motorized Snow Vehicle Act will be in effect by the first of January.

In an effort to avoid situations such as trespassing, the government has established a trails council which represents the interests of farmers, outdoor sports groups, conservationists and recreational authorities.

A network of trails will be established -- some for cross-country skiers, others for snowmobilers and yet others for combined usage.

Those trails designated for snowmobilers will be mapped, identified and maintained by packing the snow with grooming machines. Once a complete inventory of these trails is completed, they will be assessed and -- if it is deemed necessary -- other trail routes will be established.

Snowmobiles are here to stay. There is little doubt about that.

It is the government's desire to ensure their safety and also to ensure the protection of landowners as well.

This being my last column before the New Year, I would like to take this opportunity to wish my readers a very merry Christmas and a happy and prosperous New Year.

HALL'S LAKE NEWS

by Doreen Stinson

Friends of Mr. Clayton Rogers of Carnarvon will be sorry to learn that he has passed on and will be buried today from his home church, Zion United at Carnarvon.

"Uncle Dudley" was a familiar figure around this area and will be missed by many and his homey writings of early days will be sadly missed. Thursday, December 12th, is picture night at Club 35 when Lloyd Johnson shows his beautiful slides of the Holy Land.

We hear from those who have already seen them that they are very worth while. Light refreshments will be served and the silver collection will go to help defray expenses for making a new set of slides.

Elections are over and Stanhope had one of the biggest turnouts in history.

Congratulations to Sinc. Nesbitt, the Reeve, Jim Harrison the Deputy Reeve and to Harry Davis a new Councillor from Maple Lake, Napier Simpson Jr. and John Tomlinson are the other two Councillors and both will have quite a drive to get to regular and special committee meetings. A few years ago certain parties thought Minden was too far away for a person to represent us on local Council but now Toronto is okay.

Thanks to Al Rawlins, Elvin Johnson and Whitney for working so hard on the previous years' Council and for the good fight which Elgin Stouffer, Rawlins and Johnson put up in this Election. Wilfred Mason and Evelyn Gibson won out over Bev. Pettes, who also put up a good fight. Now it is up to each of us to help the old and new ones get on with the business at hand.

A most enjoyable evening was spent last Wednesday when the ladies of the Carnarvon U.C.W. invited all surrounding church groups and friends to join with them in a special Christmas programme. Staging of favourite carols, hymns and anthems, slides with music and a candle-lighting ceremony were all enjoyed. Following the programme a delightful buffet of Christmas goodies, good tea and coffee were served. The little windows were beautifully decorated like stained-glass windows, candies and green boughs everywhere and little white snowmen enhanced the atmosphere. The ladies at Carnarvon are famous for their hospitality and we all thank them for bringing together all the various groups to share in their happy times together. Mr. Albert Hart has departed to spend Christmas with his daughter in Etobicoke but hopes to return to add music to the Christmas Party at Hyland Crest which the Auxiliary is planning for next week.

The Council members and their wives, together with all Township employees and the Volunteer Firemen with their respective spouses gathered at Glenroy Lodge on Saturday evening for their annual Christmas Party. A roast beef dinner and a happy time was enjoyed.

An old-fashioned house warming was a joyful occasion last week one afternoon when several neighbours and old friends of Mrs. Norma Davies gathered at her new home on the Hawk Lake Road. It took the form of a "Pantry Shower" and Norma received many gifts of home preserves, canned goods and miscellaneous items for her pretty home.

GRACE SIMMONS

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Greg is full of questions about adoption because this 10-year old hopes very much it will happen for him.

Irish and English in descent, Greg has brown hair, blue-grey eyes and a sprinkling of freckles. He has always been physically healthy but an unsettled period in his life caused some emotional problems. These are behind him now, except that he tends to be tense and easily distracted in school. Greg is in a special Grade Four class. He has the ability to manage in a regular classroom but needs individual encouragement and firm controls.

Greg likes swimming, skating and wrestling but is not keen on team sports. He wants to learn to play the guitar.

A friendly, trusting boy, Greg gets on well with both adults and children. It will be good if he can be the youngest in a family with older brothers and/or sisters.

To inquire about adopting Greg, please write to Today's Child, Ministry of Community and Social Services, Box 800, Station K, Toronto M4P 2H2. For general adoption information, consult your local Children's Aid Society.

WANTS TO BE ADOPTED

For mortgages see us first!

When you want money to build or to buy, come directly where money is. Come to your friendly local branch of Victoria and Grey Trust.

Eighty years of training and experience in serving people like you are behind the sage counsel and advice you'll get at Victoria and Grey — the same place you get the money you need. Come in today — direct to Victoria and Grey.

The senior Trust Company devoted entirely to serving the people of Ontario.

Kinette Korner

by Peggy Brown

November 12th. was Kinette Guest Night at Mr. Foggs Restaurant, Carnarvon, with 34 present including guests and Kinettes. Prizes for the evening were won by Kinettes Opal Crowe and Jean Stevens and guests Kathy Bushell, Rose Waters, Diane Stevens, Gloria Bannon and Cheryl McKnight. Reta Hodgkinson won the Chinese Auction. The Kinette Club of Minden are very pleased to welcome Kathy Bushell, Terry Wylie, Marg, Prentice and Penny Hewitt as new Kinettes.

The Kinsmen C.F. Dinner-Dance was held on Nov. 23rd. at Minden Arena. Guest speaker was Kin Doug Carroll (father of a C.F. child). It was a pleasure to meet Kin Doug., his wife Judy and daughter Tricia. Kin Doug is a member of the Kinsmen Club of Oshawa and C.F. Zone Co-Ordinator. Kin Dougs' slides and his presentation along with the display of drugs necessary for Tricia and other C.F. children and the use and functions of the C.F. equipment on Tricia was well received. Kin Doug made quite a few Minden people (other than Kin) realize just what C.F. is, and why Kin support it with various fund raising projects. Congratulations to Chairman of Cystic Fibrosis - Kin Larry McKnight and his committee for a well planned evening.

On November 9th and 10th seven couples of our Kinsmen and Kinette Clubs attended Mixed Interclub at Port Hope, and from all reports a very good time was had by all. November 18th Kinettes Ber. Pettes, Noreen Farnsworth, and Chris Dollo attended Interclub Meeting at Gravenhurst. Guest speaker for the evening was Mrs. Ann Malton, Administrator of Adult Rehabilitation Centre

Industries in Bracebridge. Mrs. Malton gave all girls a clear picture of the work being done to give retarded and handicapped adults meaningful work as well as guidance and preparation to face a sometimes frightening outside world. Most interesting plus fun evening for those who were able to attend.

On November 24th, Kins Betty and Norman Harrison had a Grey Cup Party for Kin. Each member gave a donation to the Kinette Club to be turned over to C.F. Kin Don Nye won the Grey Cup Pool which he in turn donated to the Kinette Club, very greatly appreciated Kin Don.

Everyone had a most enjoyable time and a very delicious supper which was prepared by the Kinettes. Thanks for your hospitality Betty & Norm, and to all Kinsmen and Kinettes who turned out to make this a most successful project.

Kinettes next meeting will be held in the form of a Christmas Party, each Kinette is to bring their Kin husbands. More from our Korner after Xmas Party.

CENTENNIAL CORNER

RESTRUCTURING AND ANNEXATIONS

recorded in minutes of the County Council meeting December 8, 1874:

Moved by Mr. Harding, seconded by Mr. Langdon:

That this Council highly approves of the favourable settlement made by Mr. Peck between the County of Peterborough and this County, and also the County of Victoria."

By-law No. 16 confirmed the settlement made by the joint committees on behalf of the County of Peterborough and the Provisional County of Haliburton with regard to the separation of townships from the County of Peterborough for an agreed amount of \$1,352.00 payable in debentures.

By-law No. 15, dated December 9th, 1874, reads: Whereas, by Section twenty-seven of the Municipal Institutions Act, it is imperative on the Council of any County to annex Townships laid out by the Crown to some existing Township Corporation, and whereas the Townships of Sherborne, Havelock, Eyre and Clyde have been laid out by the Crown; therefore be it enacted by the Municipal Corporation of the Provisional County of Haliburton, and is hereby enacted by the authorization of the Council: 1st. That the Township of Sherborne be and is hereby annexed to the Township of Stanhope, and shall be known as the United Townships of Stanhope and Sherborne.

2nd. That the Townships of Havelock, Eyre, and Clyde be and are hereby annexed to the Municipality of Dysart, and that the said Municipality shall be known as the United Townships of Dysart, Havelock, Eyre, and Clyde.

3rd. That this By-law shall come into force and take effect from and after the first day of January next.

J.S. Peck, County Clerk. A. Niven, Warden."

Sherborne and Stanhope were separated in 1899. Lutterworth was separated from the United Townships of Lutterworth, Anson and Hindon in 1880. Anson, Hindon and Minden were united in 1945. From the United Townships of Glamorgan, Cardiff and Monmouth, Cardiff separated in 1880, and Glamorgan and Monmouth in 1881.

COUNTY... where life is living - for everyone

A broken man. In the presence of a client he wished to impress, a high-powered executive flipped on his intercom switch and barked to his secretary, "Miss Thomas, get my broker!" The visitor was duly impressed until the secretary's voice floated back into the room, loud and clear, "Yes, sir, stock or pawn?"

HAVEN COOK 457-1395 HALIBURTON

Notes on Appointment Bruce Mason

by Jeanne Sears

The homestead located on the Peterson Road in the Maple Lake Area was where he spent his early teens. In 1920 he decided to take up guiding, there was no demand for this service in the home area. He spent several years in Temagami, some of this time with the Hudson Bay Company and he also spent a few months on the Ferguson Highway, now known as #11. During the early part of the thirties he worked in the tobacco fields in southwestern Ontario. In the fall of 1932 and during that winter with the help of a chum of former years, he built a canoe with the plan of paddling to Moosonee and Moose Factory. The following late spring, equipped with the necessities for light travelling, they launched the canoe at Little Mud Lake, the closest lake to their home. From there they travelled to Kenosis Lake, through Algonquin Park to the Ottawa River, Lake Temiskaming to the height of land, then down the Abitibi to where it merges with Moose River, which empties into James Bay. They arrived early in the day at Moosonee, later visiting Moose Factory located on one of the islands. After a good night's rest they launched their canoe once again and were homeward bound. After paddling for several days against the current they decided to sell the canoe and boarded the train for the balance of the trip. The desire to travel was still very strong and he made a total of nine trips to western provinces. The winters were usually spent in the lumber camps in the home area. After 40 years he re-visited Moosonee and Moose Factory, and found many changes. He settled in the boyhood area, later moving to Minden overlooking Gull River. He died Nov. 16th in his 73rd year. He made the logging project with high school students come to life with his interesting tales of the days of the loggers. Another item of interest was that he carved by hand the model sleigh, horses and logs for Minden's Centennial.

UFO's and hydro

UFO experts say frequent sightings near electrical lines and transformer stations may indicate flying saucers are drawing power from electrical installations.

Ontario Hydro

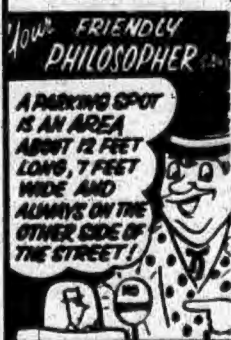

MS. SUE HYNDS

Mr. J. A. McNabb, president and general manager of Greg May Broadcasting Ltd. takes pleasure in announcing the appointment of Ms. Jeanette Reed as Music Director for radio station CKLY. In addition to being responsible for the music played on CKLY, Ms. Reed retains her own air show Monday to Friday 1:00 to 3:00 P.M. Formerly employed by a number of Ontario Radio Stations Ms. Reed brings to her new position broadcast, music and writing experience a background which will be of interest to listeners in the newly enlarged 10,000 watt CKLY listening area.

ABOUT THE TOWN

with Jeanne Sears

With the Holiday Season coming we note many businesses and homes have their lights up and very attractive they are too; have you seen the flying saucer with Santa emerging from it at the Hyland Crest Home? Anyway, if you use outside lights you are asked to turn them out when you retire.

Sincere sympathy to the family and friends of the late Clayton Rogers whose funeral was early this week.

Another happy young lady at the Rotary Bingo last Thursday night, when Karen Arbuthnot won the first Snowball of \$76 in 18 numbers called and then went on to win a jackpot of \$250 in 59 numbers. Congratulations.

There was a startling sight on the by-pass Sunday afternoon when a car caught fire, was towed to the side of the road and then the Fire Department were able to put out the fire.

All their friends send good wishes to these people in hospital, Mrs. Cecil Irwin at Women's College Hospital, Toronto; Dennis Trepanier at Civic Hospital, and Mrs. Garnet Stevenson and Mrs. Dave Stamp in the local hospital.

At the weekly Mini Card Party at the Parish Hall last Thurs. winners were for euchre Alice Clark and May Wright; for cribbage Isobel Bingham and Ethel Leigh and for bridge Anne Rockory. These games continue through the holiday with the exception of Dec. 26th so take a break and enjoy an afternoon of cards and time these start is 1.30. Once again the Kinsmen have Christmas trees for sale at several places, so pick yours up there; we noticed both pine and spruce in one place.

Hint of the week-- Potatoes cook quickly if you cut them lengthwise instead of across.

Looking for a gift for the man of the family, how about a First Aid Kit for the car or truck, or small fire fighting unit, or a cover for the windshield so it won't get covered with ice.

Mrs. Bruce Mason has closed up her home and moved to Apsley, we'll miss you Grace!

While in out-of-town places people were shovelling snow, one resident of our village was out seeding his lawn, which was bare of snow then.

Many people took advantage of the 10% sale at Cox's Apparel last Saturday afternoon and enjoyed a cup of coffee and goodies.

The Anglican Church Tea-Bazaar had a lovely holiday setting and, a large crowd quickly bought the home-made goodies or gifts. There was a raffle on the Christmas Centre and winner of this was Sandra Sears.

Have you watched some of the specials on T.V. lately? There have been some excellent ones on different parts of Canada which we might not get to see ourselves.

We note there are some new regulations regarding snowmachines, perhaps you had better check before starting out, and have a check-up of your machine as well.

Winter Blues

The blue of the jay--
Wings and perky crest
Soft blue sky against
The cedar crest
Filled with the snow's
Soft blankets,
Blue foliage with
Their silver wicks
Their silver wicks
Match my blue candles
In silver sticks;
My blue glass heirlooms
Match them too,
Oh I'm so glad
Of winter blue!
Saranite, Ontario.

Snowing early this week, so we were bound to get this sooner or later, drive carefully.

Cheerio until next week.

TODAY'S HEALTH

Frostbite: one of winter's most dangerous weapons

by David Woods

Many are cold but few are frozen, goes the old adage. Or something like that, anyway.

For despite the duration and chilliness of Canada's winters, most Canadians manage to insulate themselves from it pretty effectively. They go from heated homes to heated cars to heated offices, and back again. Those able to afford it, flee to warmer climes for as long as they can.

But people who choose to come to grips with winter—or who are forced to—can find it a powerful adversary.

Perhaps its strongest weapon is frostbite.

Frostbite is something you might associate with Scott of the Antarctic, but it can happen just easily to the unwary skier, snowmobiler or anyone else who ventures outdoors in winter, anywhere in Canada.

What is frostbite? It's a freezing of the tissues caused by ice crystals forming between the cells, and it affects blood vessels, muscles and nerves.

It can be painful, and it requires prompt treatment. What that means, say doctors, is gradual warming of the body either through insulation with coats and blankets,

drinking hot liquids or taking a warm bath. Even in mild cases of frostbite, the victim should then go to a physician to see if further treatment is needed.

Obviously, preventing frostbite is a happier solution: dress warmly and completely, avoid exposure to extreme cold. And try to enjoy winter sports with others, rather than alone. That way, if help is needed it'll be there.

Prevention isn't quite as easy as it sounds, though, because frostbite can sneak up on you. For one thing, the wind may appear to bring temperatures down to much lower levels than those claimed by your weatherman. Zero degrees Fahrenheit and a 40 mph wind can be the equivalent of -35°F (-37.2°Celsius) on a still day.

And frostbite really isn't a bite at all. Sometimes you don't even notice it at first and may realize only some time later that whatever part of you is frozen—usually the nose or ear—has lost all sense of feeling and become hard to the touch.

Believe it or not, people in warmer countries envy us our winter. Canadians, more than most, should be aware of winter's opportunities—and its hazards.

Winter safety, like water safety, means preparation and anticipation. And common sense.

THANK YOU

I want to thank the voters of Lutterworth Township for their support in this election.

Ray Darling leads Carling Open

THE CARLING O'KEEFE OPEN for the ONTARIO 5 PIN BOWLING CHAMPIONSHIPS

The Carling O'Keefe Open for the 5 pin bowling championship continued on Sunday at Pinecrest Lanes in Port Hope. At the two-thirds mark of the rollofs there is quite a scramble for the number one spot.

Ray Darling, fourth after the first ten games in Peterborough, jumped into a nine point lead with 4919 pins, while Karl Cavanagh held on to second place with 4910. The biggest jump of the day was by Ted Trumper, who vaulted all the way from sixteenth to third place. One of the main reasons for this fantastic leap was his 408 single in the twentieth game which gave him the highest pinfall of the day of 2642, for a total pinfall of 4907. Al Perry, last week's leader dropped to fourth with a total pinfall of 4906.

RON ROBINSON JR. found the range this week as he rolled 4589 to jump all the way from twenty-sixth to tenth. Ron had three-300 games in this ten game set for a day's pinfall of 2559, second highest of the day.

Penny Stewart dropped from fourth to eighth place with a very disappointing 1938 pinfall. However, there is very little danger of Penny not making the women's team.

Steve Barton, third last week dropped well back to twelfth, however Steve is sufficiently talented in the art of five pin bowling, that he will get back on track next week and make the Kawartha Men's team.

Cliff Burke also dropped out of contention for a place on the men's team with a 2164 pinfall for a total of 4486 and nineteenth position.

Monarchs game reports

BY DWIGHT THOMAS

The Monarchs suffered two more defeats in weekend play, losing 10-1 to Penetang at home, then bowing 11-0 at Bradford.

However, Minden did gain what should prove to be two valuable assets. Firstly, two excellent hockey men will take over the coaching chores of the shaky Monarchs, George Nichols and Richard Kinsman, highly respected hockey players and coaches, have come forward to provide the strong, holler-type leadership necessary to ice a competitive team. Their appointments are effective immediately as these gentlemen will receive the respect and infuse the desire in our players which will lift them out of their present doldrums. Secondly, Jim Scheffer, former star forward of Haliburton's intermediate team, is rumored to be contemplating a return to hockey with the Monarchs. He would be a prize acquisition because Jim is a player who has the scoring touch, something our team greatly lacks.

Former player-coach Neil Burk will now become assistant manager for the Monarchs. A vote of thanks must go out to Neil who has freely devoted his time and efforts, not only to the Monarchs, but also to Minden's PeeWee team.

It has been tough to coach two teams, but, finally, Neil has been relieved of the worries of leading the intermediates. His devotion and tireless enthusiasm has been greatly appreciated.

The Monarchs play tonight (Wednesday) at Penetang and this Friday night at Schomberg. NOTE that there is no home game this week. Game time is 8:30 p.m., Friday night at the Schomberg arena.

Penetang 10 - Minden 1

First Period

1. Penetang - Bressette from Banks & Gregoire 1.02
2. Penetang - Scott from Lachapelle & Gregoire 11.31

 11. Bradford - Lisk from McKnight 17.15
- Penalties: Bradford - 4 minors; Minden - 3 minors.

with
The Highland Snowmobiler
and Roy Bates

Along The Trails

A report last week that new legislation has been introduced in the Ontario Legislature came as no great surprise. It seems to follow very closely the recommendations of the Select Committee as laid down in the Interim Report of that Committee more than a year-and-a-half ago. Some of the articles in this new bill we could be happier without, but it is designed to protect the public against the snowmobiler and the snowmobiler from himself. And there is no denying that there has been a need for such protection. At least, there was a need two years ago when the Select Committee was amking its rounds.

I was directly responsible for two briefs submitted to the Committee at a meeting in Haliburton in January, 1973. The Haliburton County Snowmobile Association's brief was started in the previous July, when we first learned of the Select Committee's undertaking. The presentation prepared for the Donald Windigos Snowmobile Club was put together later taking advantage of the reams of research done for the H.C.S.A. The paper was written, revised, re-written and re-viced many times during that six month period. Each time a new piece of information came to light it was checked out for authenticity and worked into the brief. The final draft was thoroughly reviewed by the Association's directors and approved for presentation.

In the H.C.S.A. brief (the Windigos' brief was complimentary to it) we recommended that helmets be made compulsory, except in certain circumstances, that a special snowmobilers license be available after 12 years-of-age, and that snowmobiles be banned from provincial highways with municipalities retaining autonomy over roads in their jurisdictions. The new bill, it appears, will contain these requirements. We suggested registration numbers be placed on both sides of the machine, instead of a plate on the front, and that such numbers be retained for the life of the snowmobile, included in the bill. We proposed a speed limited in built up areas along (designated) roads. Also in the new legislation. In our brief we recommended that the Ontario government provide funds for trail development and maintenance of not less than half of the snowmobile registration fee, and that part of the money be made available for clubs' trail projects. The Select Committee concurred, and in this season slightly more than half of the 1974 registration revenues will be used for that purpose.

Snowmobilers in Quebec, for an outlay of about fifteen dollars in registration and club fees, have access to 15,000 miles of super groomed trails. Now that the Ontario government has moved to adopt a similar policy, we can hope to catch up in a few years. But only if you, the snowmobilers of Ontario will do your part. JOIN YOUR LOCAL SNOWMOBILE CLUB.

Don't forget the open meeting in the Minden Municipal Building, Tuesday, Dec. 17 at 8 p.m. Carl Cowden of Snooplan is to be there. Ron Meison, OFSC vice-president, Bev Jobbins, OFSC director and Susan Brower, Snoworama co-ordinator are invited. Carl, Ron and Bev were with me in Quebec last March. Along with Ron's slide show, I am sure the four of us can give a pretty clear picture of what snowmobiling SHOULD be like in Ontario.

THANK YOU

I would like to take this
opportunity of thanking
those who voted me in
for another two-year term.
A special thanks to the
ones who helped so much.

Wishing everyone a
Merry Christmas
and a
Happy New Year

BOB VICK

There is more art, theatre and music in our province than in many nations.

This is what Ontario is doing to help you get involved in it.

An artist residing in your community working
with senior citizens and children.

A beautiful low cost print by an award-
winning Ontario artist in your living room.

Impossible dreams? Not at all. Through
the Ontario Arts Council, all these dreams
could come true, no matter where you live in
the province. For the Ontario Arts Council's
purpose is to make sure that all the people
of our province share in Ontario's cultural
riches.

Over 500 Ontario arts attractions are
ready, willing and able to visit your com-

munity. They're described in a colourful
Ontario Arts Council catalogue entitled
"ONTOUR". And, through the Touring Arts
Fund, the Ontario Arts Council can help
sponsors with the fees for touring groups in
visiting your community.

More than 100 musical, theatrical, dance
and crafts groups are available to Ontario
elementary and secondary schools. The
repertory is presented in the brochure
"artists".

Outstanding creative artists want to visit
the classrooms of the province, so that all
Ontario youngsters may be exposed to the
creating of painting, pottery, composing,
photography, playwriting, sculpting, weav-
ing, poetry, puppetry, ceramics and many
other art forms. This program is described in
a booklet called "Creative Artists in Schools".

For free copies of the Ontario Arts Council
booklets and catalogues, write to:
